

## The Lasalle Avenue Project

Volume 57 06.26.15

Lasalle Avenue from 8th Street to Grant Street

### FOR THE WEEK OF JUNE 29-JULY 3

From 8th Street to 10th Street, City crews will continue working on foundations and conduit for street lighting and traffic signals along with prep work for sidewalk replacement.

Private utility companies will be raising and making final adjustments to their manhole structures.

We will be placing the first layer of asphalt pavement from 10th Street to 12th Street early this week. Paving work in the intersections of 11th Street and 12th Street will occur after 9 a.m. Access to properties within these two blocks may only be available from one end at some times. Installation of curb and gutter will follow later in the week.

The section of Lasalle Avenue from 10th Street to 12th Street will continue to be restricted to northbound traffic only. Southbound traffic will be detoured on 9th Street, Hennepin Avenue and 12th Street (see MAP A). This detour is expected to remain in place for several weeks. Future updates will provide more information.

We do appreciate your patience and understanding as we proceed with this project. Our goal is to keep you informed of our plans and schedule as we proceed and to fully construct the new Lasalle Avenue as quickly as possible.
